- **Relevant Coursework:** Portfolio Theory & Investment, Financial Management, Value Based Finance
- **Achievement:** 1st Business Plan Competition Formula SAE Italy 2025
- **Activity and Societies:** BIMASAKTI UGM, BEM FEB UGM

WORK EXPERIENCE

PT BRI DANAREKSA SEKURITAS (bridanareksasekuritas.co.id) Yogyakarta, ID
Equity Research Intern Apr 2026 – May 2026

- Co-authored 3 equity research outputs, including sector reports, market strategy outlooks, and stock initiation reports, covering IDX-listed companies across multiple sectors
- Built and maintained financial models and quarterly result templates in Excel; integrated Python scripts to automate retrieval and updating of market and financial data
- Drafted research reports and prepared presentation materials, distilling complex financial data into clear, actionable investment narratives

PT MANDIRI SEKURITAS (mandirisekuritas.co.id) Surakarta, ID
Retail & Distribution Intern Jan 2026 – Mar 2026

- Analyzed 20+ retail client portfolios across 15 active accounts (~IDR 1.5B total AUM) to formulate asset rebalancing recommendations aligned with individual risk profiles and market conditions
- Facilitated monthly investment seminars and workshops attended by 20+ clients, improving financial literacy and supporting client retention efforts

FACULTY OF ECONOMICS & BUSINESS UGM (feb.ugm.ac.id) Yogyakarta, ID
Teaching Assistant – Information & Innovation Management Jan 2026 – Present

- Assist the course lecturer in delivering Information & Innovation Management to 50+ undergraduate students through weekly tutorial and quiz sessions
- Support students in comprehending structural business process analysis and frameworks, contributing to measurable improvements in reasoning performance across the cohort

SECTOR SEVEN COFFEE (sectorseven.space) Yogyakarta, ID
Co-Founder, Finance Lead Dec 2025 – Present

- Lead financial planning, cost optimization analysis, and performance reviews; oversee financial reporting and compliance in alignment with organizational policies and applicable regulations
- Established financial control systems, including expense monitoring, reporting standards, and internal controls to strengthen governance and minimize operational risk
- Independently built a full-stack business management system from scratch, replacing the need for paid SaaS tools: custom landing page, online ordering platform, digital attendance system, and inventory ERP for real-time stock tracking

PT BNI SEKURITAS (bnisekuritas.co.id) Yogyakarta, ID
Equity Research Intern May 2025 – Jun 2025

- Conducted in-depth analysis of financial statements, industry trends, and macroeconomic indicators for 3 IDX-listed companies
- Performed DCF and comparable analyses to underpin investment recommendation with rigorous valuation frameworks
- Developed a comprehensive investment thesis with actionable insights that directly supported management's decision-making process

LEADERSHIP & ACTIVITIES

BIMASAKTI FORMULA SAE UGM (bimasakti.ft.ugm.ac.id) Yogyakarta, ID
Head of Business Plan Sep 2024 – Present

- Spearheaded the business plan strategy that contributed to a 1st place finish at Formula SAE Italy 2025, the team's highest international placement

- Developed a 5-year financial forecast projecting 17% annual revenue growth and a 24% target profit margin, presented directly to a panel of international judges
- Led cross-functional coordination between technical, marketing, and finance sub-teams to ensure the business plan accurately reflected the team's competitive positioning

BADAN EKSEKUTIF MAHASISWA FEB UGM (bem.feb.ugm.ac.id)
Finance & Administration

Yogyakarta, ID
Jan 2024 – Dec 2024

- Processed accountability reports for 10 work programs of the Student Advocacy & Welfare Department, maintaining 100% accuracy and timely submission across all reporting cycles
- Managed and reconciled a cash flow of over IDR 72,000,000 across faculty-level programs, resulting in a 52% reduction in unnecessary expenditures through stricter budget controls

FINANCE PROJECT

BUSINESS VALUATION SIMULATION
[View Live Dashboard](#)

June 2025

- Built a business valuation platform that models enterprise value using DCF analysis with 10,000+ scenarios, providing statistical confidence intervals for investment decisions and deal negotiations
- Designed sensitivity analysis tool to assess valuation impacts from changes in financial assumptions (WACC, growth, margins), enabling comprehensive risk assessment for investment strategies

OPTION PRICING & RISK ASSESSMENT
[View Live Dashboard](#)

June 2025

- Developed an Options Pricing and Risk Assessment Tool utilizing Black-Scholes model and Monte Carlo simulation for accurate option valuation, complemented by comprehensive Greek analysis for sensitivity
- Implemented interactive financial dashboard with payoff visualization, strategy modeling (Covered Call/Protective Put), and risk metrics calculation including Value-at-Risk analysis

STOCK MARKET DASHBOARD
[View Live Dashboard](#)

May 2025

- Built a real-time stock market analytics dashboard processing financial data from global exchange, enabling, portfolio monitoring and investment analysis across multiple markets
- Integrated technical analysis tools such as RSI, MACD, Moving Averages with indicators for market trends, supporting data-driven investment decisions and risk management strategies
